Основные термины

- **Коробочный продукт (BOX)** – в коробке содержится, CD-ROM с записью программы, документация (книга), лицензия на использование, регистрационная карточка. Основную стоимость составляет лицензия. Коробочный продукт обычно продается для одного пользователя.
- **Лицензия (License)**. При покупке ПО на большое количество компьютеров обычно покупается ТОЛЬКО лицензия на его использование и один комплект документации и CD-ROM. Лицензия оформляется на нужное количество компьютеров. Лицензия может быть Именной (выписанной на конкретную организацию) и НЕ именной. Лицензия представляет собой ДОКУМЕНТ
- **Языковая версия (Language)**– ПО поставляется для разных языков. Наиболее распространенные – Русский, Английский, Интернациональная версия
- **Лицензия (License)**– документ который дает право на использование ПО (программного обеспечения)
- **Баллы (Point)** – приписаны к ПО которое поставляется в виде лицензий
- **Полная версия (Full Version)** – полная версия продукта
- **Обновление** – версия продукта которая является обновлением либо с предыдущей
